Photographic Evidence Submission Format Marine Cargo Loss

## Document Details

Submission Date	2024-06-12
Submitted By	John Doe
Contact Details	johndoe@email.com, +123 456 7890
Company Name	Oceanic Shipping Ltd.
Reference Number	MC-2024-008

Cargo & Incident Details

Description of Cargo	200 cartons of packaged electronics
Container/Seal Number	CONT123456 / S789654
Port of Loading	Shanghai
Port of Discharge	Rotterdam
Date of Loss	2024-06-10
Brief Description of Incident	Water ingress detected on arrival; several packages damaged by contact with seawater.

Photographic Evidence

Damaged Cargo Photo 1

Description: Damaged cartons at container entrance
Date/Time: 2024-06-10 09:12 AM

Damaged Cargo Photo 2

Description: Close-up of water-damaged packaging
Date/Time: 2024-06-10 09:14 AM

Container Seal Photo

Description: Intact container seal on arrival
Date/Time: 2024-06-10 08:57 AM

Witness/Inspector Statement

The cargo was inspected immediately upon discharge. The container seal was intact. Evidence of water ingress and damp conditions were found at the base of the container. Several packages showed soaking and physical damage consistent with exposure to seawater.

Declaration

I confirm that the above details and attached photographic evidence accurately represent the condition of the cargo and circumstances of the loss as inspected on-site.

Important Notes

- Photographs must be clear, time-stamped, and attributable to the specific incident.
- Include images of both damaged goods and relevant container details (e.g., seal, any visible breaches).
- Retain original image files for possible further investigation or legal purposes.
- This format should accompany other required documentation for cargo claims.
- All information must be truthful and accurate; false submissions may void claims and legal action may follow.
