5. Commissioning & Handover	Systems testing, staff training, final handover	Project Team	2025-02-18	2025-03-10

## Milestones

- Feasibility study completed: 2024-07-28
- Permits approved: 2024-08-29
- Construction start: 2024-10-05
- Facility operational: 2025-03-12

## Important Notes

- Timeline should be reviewed and updated regularly to reflect any project changes or delays.
- All dependencies and interrelated tasks must be clearly identified to manage risks effectively.
- Milestone tracking is essential for monitoring project progress and accountability.
- Stakeholder communication should be maintained throughout all phases.
