Important Notes about OpenDocument Graphic (ODG) Invoices:

- ODG files are vector graphic documents compatible with LibreOffice Draw and other ODF-compliant applications.
- Ensure the recipient's software supports .odg files for proper editing and viewing.
- ODG documents preserve layer data, allowing advanced post-delivery customization.
- Back up original ODG files to retain source quality and editability for future projects.
- This invoice documents delivery of ODG assets and related design services for recordkeeping and accounting.
