Taxes (10%):	\$200.00
<b>Total Due:</b>	<b>\$2,200.00</b>

## Important Notes about ODI Invoice Attachments

- ODI (OpenDocument Image) files are used to attach visual records, such as invoice scans or stamp proofs, to invoices.
- Ensure ODI files are readable and properly embedded or linked in correspondence for compliance and transparency.
- ODI is primarily supported by OpenDocument-compatible software suites (e.g., LibreOffice Draw).
- Image attachments should not be modified after invoice issuance to maintain document integrity.
- Large ODI files may need to be compressed before emailing to avoid delivery issues.
