### Important Notes:

- This statement should be prepared at the end of every financial year and submitted to the funding agency.
- All figures must be supported by proper vouchers/bills and should be certified by the institution's accounts section.
- Unspent balance, if any, must be reported, and prior consent is needed for its carry forward or reallocation.
- Modifications or deviations from sanctioned heads require written approval from the funding body.
- Timely submission of this statement is crucial for further release of funds.
