## Important Notes

- Check that UAN and PF numbers for all employees are correct and updated.
- EPF wages considered should not exceed the statutory limit as notified by authorities.
- Ensure that all new joinees and resignees during the month are included.
- Employee and employer contributions are usually calculated as 12% of EPF wages.
- The pension contribution is restricted to the prescribed ceiling as per current PF rules.
- This document is compatible with standard Payroll and PF ECR/filing systems.
