Receipt Number	Unique identifier for the receipt
PAN (Permanent Account Number)	Taxpayer's identification number
Name of Taxpayer	Name of the individual or entity making the payment
Assessment Year	The year for which tax is being paid
Challan Serial Number	Serial number of the tax challan used for payment
Bank Name and Branch	Details of the bank where payment was made
Amount Paid	Total advance tax amount remitted
Date of Payment	The date on which the tax was deposited
BSR Code	Seven-digit code of the receiving bank
Mode of Payment	Method used (e-payment/cheque/cash etc.)
Tax Type	Nature of tax paid (Income Tax, Surcharge, etc.)

Important Notes:

- Verify all details on the receipt for correctness before filing returns.
- The receipt serves as proof of payment and should be kept safely.
- Incorrect PAN may lead to non-credit of tax paid.
- In case of any discrepancy, contact your bank or the income tax department promptly.
