

# Distributed Consensus Record Document

## Document Information

Record ID:

DCR-2024-06-15-002

Date of Consensus:

2024-06-15

Consensus Topic:

Node Upgrade to v3.2.0

Coordinator:

J. Kim (Consortium Lead)

## Participants

Participant	Node/Organization	Agreement	Timestamp
A. Rivera	Node 01 - Acme Corp	Agreed	2024-06-15 10:12 UTC
L. Singh	Node 02 - BetaNet Ltd	Agreed	2024-06-15 10:15 UTC
M. Osei	Node 03 - Helix Group	Agreed	2024-06-15 10:17 UTC
S. Wang	Node 04 - DataForge	Abstained	2024-06-15 10:20 UTC

## Consensus Summary

Outcome:

Consensus Achieved (3/4 agreed, 1 abstained)

Implementation Date:

2024-06-18

Notes:

- Node 04 abstained due to pending internal review.
- No objections or negative votes recorded.
- Action items assigned for upgrade schedule coordination.

## Important Notes

- This document records the distributed system's consensus process and outcomes.
- All participants' agreements, objections, or abstentions are logged for transparency and auditability.
- Final consensus is valid only if quorum rules specified in the protocol are satisfied.
- Any updates post-consensus require a new distributed consensus record.
- Maintain this document for compliance and dispute resolution purposes.
