

# ACKNOWLEDGEMENT

I would like to express my sincere gratitude to all those who have contributed to the successful completion of this laboratory report. My deepest thanks go to **[Instructor/Supervisor Name]** for their valuable guidance, ongoing support, and constructive feedback throughout the experiments.

I am also thankful to the laboratory staff and technicians for their assistance and for maintaining the equipment used during the course of these experiments. Special thanks to my peers and lab partners for their cooperative spirit and collaboration.

Lastly, I appreciate the institution for providing the necessary resources and a conducive learning environment for conducting these laboratory sessions.

## Important Notes:

- This statement should be personalized and specific to each laboratory report.
- Always mention the names of individuals or groups directly involved in aiding your work.
- Maintain a formal and respectful tone throughout the acknowledgment.
- Do not exaggerate or include information not relevant to the laboratory work.
- Review your institute's specific format or guidelines if available.
