

Threats Evaluation Document

1. Document Details

Document Title	Threats Evaluation – [Project/System Name]
Date	[Date]
Prepared by	[Author / Team]
Version	[Version Number]

2. Executive Summary

[Brief summary of the scope, purpose, and key findings of this evaluation.]

3. Evaluation Scope

- System(s) Evaluated: [List]
- Assets Considered: [List]
- Evaluation Period: [Dates / Timeline]
- Methodologies Used: [List/Description]

4. Identified Threats

#	Threat Name	Description	Source	Assets Affected
1	[Threat 1]	[Description]	[Source/Actor]	[Assets]
2	[Threat 2]	[Description]	[Source/Actor]	[Assets]

5. Threat Evaluation

#	Likelihood	Impact	Risk Level	Mitigation Measures
1	[Low/Medium/High]	[Low/Medium/High]	[Low/Medium/High]	[Mitigation Actions]
2	[Low/Medium/High]	[Low/Medium/High]	[Low/Medium/High]	[Mitigation Actions]

6. Recommendations

- [High-level recommended actions based on the evaluation]
- [Prioritization of mitigations]
- [Any further investigation required]

7. Conclusion

[Summary of key points and next steps.]

Important Notes

- This document should be kept confidential and shared only with authorized personnel.
- Threats and risks can evolve; regular review and updates are recommended.

- Evaluation is based on current knowledge and available information at the time of creation.
- Mitigation measures should be monitored for effectiveness.
- Adhering to this format ensures consistency and clarity in evaluations.
