

List of Figures

Figure No.	Title	Page
Figure 1.1	System Architecture Overview	4
Figure 2.1	Flow Chart of Process Operations	9
Figure 2.2	Schematic of Experimental Setup	11
Figure 3.1	Simulation Results Graph	16
Figure 4.1	Comparison of Measured Data	21

- List all figures in order of appearance with exact figure numbers and titles as shown in the report.
- Ensure page numbers are accurate and updated after report formatting is finalized.
- Titles should be concise but descriptive enough for quick identification.
- Proper formatting and alignment help maintain professionalism and readability.
- This section is usually placed after the Table of Contents, before the main body of the report.
