SKU-067	Alloy Wires	25	160	18	77	Critical

### Important Notes

- All forecast volumes are system generated based on past sales and current trends data.
- Monitor SKUs marked "Reorder Needed" or "Critical" for urgent procurement action.
- Lead time variability may impact reorder points; regularly review and update lead time values.
- This dashboard should be reviewed weekly to ensure alignment with actual sales and inventory records.
- Integrate with real-time inventory systems to achieve the best outcome from demand forecasting.
