

# Radio Weather Forecast Script

Station: WXYZ 102.3 FM  
Date: June 20, 2024  
Time: 7:00 AM  
Presenter: Alex Rivera

## Script Format

### Introduction

Good morning, this is Alex Rivera with your latest weather update on WXYZ 102.3 FM.

### Current Conditions

Right now, it's 62 degrees with partly cloudy skies in downtown. Winds are calm at 5 miles per hour.

### Today's Forecast

Expect mostly sunny weather throughout the day, with a high near 78 degrees. Winds will remain light and variable. No significant chance of rain.

### Tonight's Forecast

Clear skies are expected tonight, with temperatures dropping to a low around 54 degrees.

### Outlook

Looking ahead, the weekend will bring warmer temperatures and plenty of sunshine, with highs reaching into the low 80s.

### Sign-Off

That's your latest weather update. I'll be back at the top of the hour with more. This is Alex Rivera for WXYZ. Stay tuned!

### Important Notes

- Keep the script concise and focus on clarity for easy understanding over audio.
- Always use up-to-date and accurate weather data from reliable sources.
- Start with current conditions, then move to forecasts for today, tonight, and upcoming days.
- Avoid technical jargon unless the audience is familiar with weather terminology.
- Follow your station's specific guidelines for tone, language, and broadcast compliance.
