Assembly Line 2	Anthony Wu	2	Booked
QC Staff	Kim Taylor	4	Available
Packing Materials	Mary Ann Lee	950 sets	In Stock

Important Notes

- All schedule dates are subject to change based on raw material availability and production delays.

- Any deviation from planned output should be reported to the supervisor immediately.
- This schedule must be communicated to all team members and supporting departments.
- Quality checkpoints are mandatory at every stage as indicated in the table.
- Maintain proper documentation throughout the production process for traceability.
