### Summary & Assumptions

- Revenue growth of 8% year-over-year is projected based on historical sales trends.
- Market demand expected to remain stable, with minor fluctuations in Q2 and Q3.
- Service income includes new support contracts secured for Q3 and Q4.
- Licensing fees are forecasted with a conservative 5% growth rate.

### Important Notes

- The forecast is based on current market conditions and known business factors as of the statement date.
- Actual revenues may differ due to unforeseen economic, market, or organizational changes.
- Regular review and updates are recommended to reflect new information or changing circumstances.
- This document supports internal planning and should not be regarded as financial advice for investment purposes.
