<div></div>	<div></div>	<div></div>	<div></div>	<div></div>
Total	<div></div>	<div></div>	<div></div>	

Summary / Additional Notes

Important Notes

- Profit estimates should be based on the best available data at the time of preparation.
- Clearly define segments to avoid overlap or double counting.
- Any assumptions or unusual adjustments must be documented in the remarks or summary section.
- This form aids in internal analysis and may not reflect final statutory figures.
- Figures should be reviewed by relevant department heads before finalization.
