**Important notes about HEIC Invoice Image File Format:**

- HEIC stands for High Efficiency Image File Format, widely used for high-quality, compressed images.
- Invoices sent as HEIC images may not be supported by all devices or PDF viewers.
- HEIC format offers smaller file sizes while maintaining image clarity, ideal for digital document storage.
- To ensure compatibility, consider providing alternative formats (such as PDF or JPEG) with your invoice.
- Always verify that recipients can view HEIC images before sending invoices solely in this format.
