

Year-wise Depreciation Calculation Table

Year	Opening Balance (â‚¹)	Depreciation Rate (%)	Depreciation Amount (â‚¹)	Closing Balance (â‚¹)
1	100,000	10	10,000	90,000
2	90,000	10	9,000	81,000
3	81,000	10	8,100	72,900
4	72,900	10	7,290	65,610
5	65,610	10	6,561	59,049

Important Notes:

- This table uses the Written Down Value (WDV) method for depreciation calculation.
- Depreciation rate and method should be as per relevant accounting standards or company policy.
- Ensure all calculations are checked for accuracy before finalizing the document.
- Retain supporting documents and asset purchase details for reference.
- This format may be customized as per specific reporting or statutory requirements.
