

# Product Datasheet

## Limited Liability Clause Sample

### Document Overview

This document outlines the limited liability clause typically included in product datasheets. This clause is intended to restrict the legal responsibility of the manufacturer or distributor in relation to product performance, use, and related damages.

### 1. Product Information

- **Product Name:** Sample Electronic Sensor v2.0
- **Part Number:** SES-20X4
- **Manufacturer:** Example Devices Ltd.
- **Date:** June 2024

### 2. Limited Liability Clause

**LIMITED LIABILITY:**

To the maximum extent permitted by applicable law, Example Devices Ltd. shall not be liable for any indirect, incidental, special, or consequential damages arising out of or in connection with the use or inability to use the product, even if the company has been advised of the possibility of such damages.

The liability of Example Devices Ltd. for any claim arising from this product, whether in contract, tort, or otherwise, shall not exceed the amount paid by the customer for this product. No other warranties, express or implied, are provided. The user is responsible for determining the suitability of the product for their particular application.

### 3. Important Notes

- This clause is typically included to reduce the supplier's legal liability.
- Users should thoroughly evaluate whether the product fits their requirements and operating environment.
- Warranty and liability limitations may vary based on jurisdiction and specific contract agreements.
- Always consult with legal experts when drafting or reviewing liability clauses.
- This document is a sample and may not cover all situations or products.
