

# Personal Statement for Scholarship Application

## Question 1: Briefly introduce yourself and explain your educational goals.

My name is Jane Doe, and I am currently a senior at Westfield High School. I have always been passionate about learning, especially in the field of biology, and my educational goal is to pursue a Bachelor of Science in Biology at State University. I aspire to become a medical researcher, focusing on innovative ways to combat rare diseases.

## Question 2: Describe any adversity you have faced and how you overcame it.

During my sophomore year, my family faced financial difficulties due to my father's job loss. I had to balance part-time work with my academic responsibilities. Despite these challenges, I maintained a high GPA and learned to manage my time efficiently, which helped me develop resilience and perseverance.

## Question 3: Why are you applying for this scholarship and how will it help you?

I am applying for this scholarship because it will relieve the financial burden on my family and enable me to focus more deeply on my academic pursuits. Receiving this support will also allow me to participate in valuable extracurricular research opportunities without needing to work excessive hours.

## Question 4: How do you plan to contribute to your community or field after graduation?

After graduation, I plan to use my education to contribute to medical research and mentor students from underrepresented backgrounds who are interested in STEM fields. I hope to inspire others and give back to my community through outreach and volunteer work, particularly in science education.

---

- Answer each question clearly and honestly.
- Keep responses concise and relevant to the prompt.
- Highlight specific examples of achievements, challenges, and goals.
- Proofread for spelling and grammar before submitting.
- Align your answers with the mission and values of the scholarship provider.
