Environmental	Adherence to environmental regulations and guidelines	Partially Compliant	2024-06-15	Awaiting permit renewal

Important Notes:

- This dashboard is updated periodically and may not reflect real-time compliance status.
- Status definitions should be standardized across all compliance areas for consistency.
- Supporting evidence should be maintained for each compliance area listed.
- Immediate action is required for areas marked as Non-Compliant.
- Review and verification should be carried out by the designated compliance officer.
