

Periodic Profit Growth Comparison Chart

Period	Profit (\$)	Growth (%)	Growth Visualization
Q1 2023	12,000	0%	<div style="width: 0%;"></div>
Q2 2023	14,500	+20.8%	<div style="width: 20.8%;"></div>
Q3 2023	16,200	+11.7%	<div style="width: 11.7%;"></div>
Q4 2023	18,300	+13.0%	<div style="width: 13.0%;"></div>
Q1 2024	20,900	+14.2%	<div style="width: 14.2%;"></div>

Important Notes:

- This chart allows for quick comparison of profit growth across multiple periods.
- Percentages indicate the relative increase in profit compared to the immediately previous period.
- Growth visualizations are not to scale and serve for general comparative purposes only.
- Consistent data intervals (e.g., quarterly) improve the accuracy and relevance of growth analysis.
- This document should be updated regularly to maintain up-to-date insights.
